IDEAL OLD AGE

There is a tradition that when a busy man retires, he is near the end of his string—that if he isn't already on the edge of helplessness old age, he hastens the time. And there are many cases in point. Yet we find Sir Oliver Lodge, turned 75, declaring that when a man retires he becomes younger.

At least it works that way with him. He feels younger and looks younger than he did when he was still "in the harness". He concludes:

"Everyone should retire in good time, for there is no tonic like it. You want to retire before you are played out, for it gives

so much more opportunity to do all that you desire."

Evidently it depends on what a man does after he retires. If he does nothing, naturally his life is empty and he fades and sinks. With living interests to pursue, with experiences and adventures long desired, but hitherto prevented by the daily grind, and with retirement entered upon while physical and mental vigor remain, the retired man or woman should find the latter years what they ought to be, the pleasantest of life. This is the ideal of the future.

"IDLE" CHURCHES

Leaders of the Protestant Episcopal church in this country are troubled. Some of the bishops say the church is "as idle as a painted picture". According to a statement approved by presiding Bishop John Gardner Murray, it isn't getting results as gauged by American business standards. At least the bishops say.

The church today is incomparably rich in money, organization, influence, power, and yet it is failing to produce anything like apostolic results.

For example, our communion with its 135 bishops, over 5,000 priests and more than 1,000,000 communicants secured a net gain last year of only 25,000 members, which means that with all our resources it took 50 persons to add one communicant.

"Something is radically wrong with the church. The trouble lies deep. It has little to do with material resources, organization or membership, but rather with the spirit."

An ordinary fraternal society would think it was slipping badly if only one new member was added in a year, for each 50 existing members. Fraternalism seems to

be flourishing in America more than in organized religion.

There is to be a "bishops' crusade" next spring, for area or effectiveness. A general church revival would do this country a great deal of good. Not an "old-fashioned revival" necessarily, but a renewed interest in religion suited to this age.

STARLINGS AND SPARROWS

Sometimes these artificial up-sets of the balance of nature work, and then again sometimes they do not. When the black snake was introduced into a western state with the idea of proving that black snakes would exterminate rattlers, the two deadly enemies looked at each other across the cage in which they were supposed to engage in a deadly conflict, and calmly went to far corners and went to sleep.

Now it is starlings introduced to fight English sparrows. Bird lovers say they have begun to show up in numbers and are starting to fight the sparrows and to win. So far, so good. But if the English sparrows are all driven out and the starlings multiply, how are we to be so sure that the starlings will prove more happy neighbors than the sparrows? For if they fight and drive out the bold sparrows, how will the more pacific varieties of songbirds fare against them?

Starlings having been introduced, the only answer is to wait and see.

LESSON OF GERMANY'S STAY-AT-HOME VOTE

In the recent contest in Germany to decide whether the government should confiscate the property of the princes, it was the stay-at-home vote which really decided the issue. Something over 14,000,000 votes were cast in favor of confiscation and barely half a million against it. But the German law requires sixty percent of the total registered vote to carry such a proposition. Only 35 percent of the registered vote was cast at the polls, and the 20,000,000 votes required to make confiscation possible were not obtained.

The vote has been hailed by the American press as a silent rebuke to socialism administered by the German people. Those who did not vote did not wish to be classed as monarchists; neither did they wish to commit their nation to the principle of confiscation, which is one of the extreme socialist measures. They knew that they were remaining away from the polls, defeat the proposition and at the same time not favor the monarchy.

But this country has no such laws, and if it had, the results might not be as beneficial. The only thing the stay-at-home voter can do here is to turn the government of his country over to a minority, from which no good can come in the end. The American vote is the barometer of our democracy; the larger it is, the more abounding is the nation's political health.

FIGHTING FOR OUR FORESTS

These are the months of forest fires, when the great government tracts of the west are menaced by lightning, smokers and careless campers. The national forest service in California is bending every effort to educate the public to the need of caution while vacationing in the vast mountain areas in the national forests. Recently the rangers closed to the public a vast tract in the Shasta national forest in order to check the fire menace.

Lightning started half a dozen fires in one day. One fire required a force of more than 200 men to get it under control. In some places villages and summer resorts were menaced, and in one fire a herd of cattle was destroyed.

In the government forest exhibits in Los Angeles, there is great emphasis on the necessity of preventing fires. Three pictures and placards the forest service endeavored to impress the lesson, while the exhibit itself contains an array of fine woods and illustrative material showing the immense forest wealth of the west.

In fact, in the west, forest conservation is more of a matter of news than in less forested areas. The patent aid the government by publishing forest news and the regulations which the service finds it necessary to make from time to time. Every agency cooperates to aid in preserving and increasing as far as possible the nation's future lumber supply.

DAMAGED SEDAN TAKEN TO NASHVILLE, ILL.

Chas. M. Strawn, accompanied by Wilbur Kumble and Henry Holter of the Hudson-Exeter force, left last night for Nashville, Ill., driving the Hudson sedan which had the top crushed in by a falling tree during a severe storm recently. The body of the sedan was badly crushed but the running gear was undamaged and it is being taken to Nashville to have an entire new body placed upon the chassis. The damaged car was the property of Dr. Hensler of Carrollton and was delivered to Mr. Strawn in trade on a new car.

TODAY'S TALK

By GEORGE MATTHEW ADAMS
Author of "You Can," "Take It," "Up."

ON HEARING.

I have a friend who says he cannot sleep where there is much noise. I have another who says he can sleep anywhere and noise doesn't matter.

The other day I heard two men talking about a man who was quite deaf. They sympathized with his defect. But the deaf man merely smiled and said that he "heard all that was worth hearing—and the rest didn't matter."

I smiled to myself as I thought that the deaf man had much to tell those who heard too much and told too much that wasn't true or that never ought to be told.

I took a ride with friends in an automobile the other day—and there was present a woman who talked and talked. I wished that I was the deaf man. She wore on the nerves of everyone in the car until I knew all we'd glad when she was gone.

I was journeying through a magnificent country recently and the beauty outside the car window was like fairyland. But such useless chatter was going on

SHAVINGS AND SAWS

After a man has ridden a couple of days thru the plains and deserts of the southwest, he begins to realize that "ours is a mighty big country."

Some strangers in a strange land are sorry people don't know them; others are afraid they'll be recognized.

When a fellow feels the sea breezes going thru his bathing suit, he's too busy shivering to notice the bathing beauties.

If a real idea would strike the man with an open mind, he might have to close for repairs.

Vanderbilt was not broke till he broke into print.

It is getting so that a woman is known largely by the amount of alimony she receives.

Every man should do his own courting, and see that his rival does less.

Maybe they call it the Golden West because the folks who turnish the amusements and refreshments reap a golden harvest.

In Los Angeles buildings are limited to fourteen stories, but there is no such restriction on writers.

A man took some fireworks into a national forest and left the children alone with them. Uncle Sam is now boarding him.

HYGIENE COMMITTEE ORGANIZES FOR WORK

In Springfield Tuesday night the Central Illinois committee for Mental Hygiene held an organization meeting at the Y. M. C. A.

An election of officers was held and the committee adopted. The purpose of the committee is to assist in mental hygiene activities throughout Central Illinois and to lend all possible assistance to the Illinois Society for Mental Hygiene.

A committee was chosen including Dr. Frank P. Norbury, Director Edward G. Ekland of the Springfield council of social agencies and Edwin D. Wright, to select 25 directors who will be chosen and distributed geographically throughout the central part of the state.

At the Tuesday night meeting Dr. Norbury was named honorary chairman and A. L. Bowen was elected chairman. Other officers named were: Vice presidents: F. M. Thrasher, Western University; William M. Hixson, president Blackburn college; Dr. R. L. Hill, managing officer Jacksonville State hospital; E. B. Brooks, Lincoln; Prof. E. C. Hays, University of Illinois; David Felmus, president Illinois State Normal; Dr. O. S. Stanley, Decatur; Dr. E. Z. Levis, Peoria.

REV. STARR TO FILL

Rev. John W. Starr, pastor of the Pittsfield Methodist church, will occupy the pulpit Sunday morning at the Grace M. E. church. Rev. Starr is one of the rising young ministers of the Illinois conference and a very urgent invitation is extended the membership of the church to hear this promising young man.

LOCAL VETERINARIANS GO TO STATE MEET

Dr. Sylvester Barlett, Dr. C. B. Scott, Dr. T. K. Jones and Dr. C. A. Henley of this city have gone to Springfield to attend the forty-fourth annual meeting of the Illinois State Veterinary Medical Association, which is being held in that city with headquarters at the Abraham Lincoln Hotel.

Dr. J. Stansbury, director of the state department of agriculture, will deliver the address of welcome to the association members, and other addresses will be given by Dr. K. A. Lee, president, Dr. C. C. Hastings of Williamsville, the vice president, and Dr. W. H. Welch of Lexington, the secretary-treasurer.

Sheep practice is to be one of the subjects discussed and will be stressed for the first time in the history of the Association. Dr. W. B. Craig of Indianapolis, Ind., one of the highest authorities in the United States on the subject, will lead the discussion.

FUNERALS

Funeral services in memory of Mrs. George W. Fox, who died in Rockford, Ill., were held at the Reynolds Chapel Wednesday afternoon at two o'clock, the Rev. N. M. Antrobus officiating.

The flowers were cared for by Mrs. G. H. Kopperl and Miss Douyns and the bearers were A. B. Williamson, J. F. Shreve, Dr. G. H. Kopperl, Dr. T. O. Hardesty, T. W. Beadles and H. M. Capps.

Interment was in Diamond Grove cemetery.

Determining The funeral of Mrs. William F. Deterding, was held at her home in Concord yesterday afternoon at 2:30. Rev. Davis, of Stanton, Ill., her former pastor, assisted by Rev. A. E. Steinfeldt, pastor of the Concord M. F. church, were in charge of the services.

Mrs. Bonnie Brown and Roy Abernathy furnished the music, accompanied by Mrs. James Cooper.

The flowers, which were given in tribute, were cared for by Mrs. Mary Daniels, Mrs. Adella Cooper, Miss Lela Bayless, Miss Irene Musch and Miss Fannie Krone.

Burial in Concord cemetery followed the services.

NORTONVILLE

Lightning struck a barn on the farm of Elijah Henry Tuesday morning, resulting in a good deal of damage. Charles Lashmet also sustained a loss as the result of the same storm, one of his cows being struck by lightning and killed.

Mrs. Mayme Gordon and daughter Ethel of Decatur visited in former's parents, Mr. and Mrs. James Anderson, Tuesday.

The farmers in this vicinity are quite busy at the present time with wheat and oat cutting.

Mr. and Mrs. Charles Kelly and daughters Lulu and Irene spent Sunday with Walter Newby and family.

Rev. John Alexander of Hillview filled his regular appointment at the church here Saturday and Sunday. There was a large attendance at all the services.

An ice cream social will be given in the park here Saturday night, July 17, the proceeds to go to the church.

Those who attended church on Sunday and afterward had dinner with Mr. and Mrs. Elijah Henry were Mr. and Mrs. Dee Fuque, Mr. and Mrs. James Dougherty and daughter Dorothy of Beardstown; Mr. and Mrs. Wade Winger; Mr. and Mrs. Edw. McNeely, Mabel Jones and Edna Newby.

Mr. and Mrs. J. M. McNeely, Mr. and Mrs. Henry Whitlock and sons took Sunday dinner with William Edwards and family.

The annual Nortonville picnic will be held Thursday, August 26.

ALEXANDER

Alexander, July 14.—The Willing Workers of the M. E. Church met this afternoon in a business and social meeting, with a very good attendance. At this time, Mrs. J. W. Robertson was elected president, and Mrs. Osie M. Duke and Mrs. Maude C. Garmen were chosen vice-presidents.

Mr. and Mrs. L. S. Griffith and two sons of Amboy, Ill., have returned to their home after a visit of several days with relatives here. Anna Colwell of Jacksonville was here yesterday and today to visit with relatives.

Mrs. W. H. Crum and daughter Alta of Lititz were Jacksonville shoppers Wednesday.

WOMAN COULD NOT SLEEP

Her Mother-in-Law Knew A Remedy

Mrs. Belle Thompson, of Georgia, was in a very weak and run-down condition for four years. She had great difficulty in getting to sleep at night and even then did not sleep soundly. She would wake up again and again. Besides this her appetite was poor. "My mother-in-law told me of Lydia E. Pinkham's Vegetable Compound and Lydia E. Pinkham's Sarsaparilla," she writes. "She took six bottles of the Vegetable Compound and I was not the same woman at all. I could sleep and would get up in the morning singing and feeling fine. I am the mother of three children and always after the babies came I had to take treatments, but I can truly say that this last time I have only used the Sarsaparilla. It does me more good than the treatments. It keeps me on my feet to care for my children and I do most of my work. I feel it my duty to let you know how both of the medicines have helped me." Mrs. Belle Thompson, 2, 2, Rossville, Georgia.

CRIME COMMISSION SUGGESTS CHANGES IN CRIMINAL LAWS

Would Change Trials From Games of Skill to Investigations

NEW YORK, July 14. (AP)—The finger of the National Crime Commission was pointed at the weak spots in criminal law today. From a six months' study to determine why 90 percent of major criminals are not apprehended (and why 75 percent of those caught escape punishment), the sub-committee on criminal procedure and judicial administration emerged with 20 recommendations for putting the criminal in jail and keeping him there. The provisions contained in a report made to the commission recommend, among other changes in criminal law, that judges be allowed to comment on evidence, that attorneys be permitted to draw inference from the failure of a defendant to testify in his own behalf, that the power of district attorneys to quash proceedings be modified and that activities of professional bondsmen be curtailed.

Under these provisions Herbert S. Hadley, chancellor of Washington University, St. Louis, chairman of the committee said the trial of the criminal will become "less a game of skill, cunning and endurance between opposing lawyers, and more a judicial investigation under the trained and impartial direction of a judge to ascertain the truth."

The "Third Degree" was the first subject considered by the sub-committee. It was recommended that every person charged with a felony be taken before a magistrate or other judicial officer and after being informed of his rights, be permitted to make public statements and answer questions regarding the charge.

This, Hadley said, would leave police "no excuse for conducting secret, unregulated and oppressive examinations."

Joint trial of those charged with conspiracy, riot and affray and all jointly indicted was recommended. Limitation of the presumption of innocence to the extent of placing upon the state only the onus of proving a defendant guilty beyond reasonable doubt, and a "five-sixths" verdict by jury in all except cases involving capital punishment also were recommended.

Parole Systems Hit
Courts authorized to place defendants on probation and those authorized to pardon or parole would be required to give notice to prosecuting officers under one provision. Mr. Hadley said this was directed at abuses in the pardon and probation systems in some states.

Recommendation was made that persons desiring to make pleas of insanity be required to present such pleas 10 days before trial, and that where the plea is insanity at the time of commission of crime the judge may call three disinterested qualified experts to testify and shall fix the fees of such alienists. In the matter of those persons found to have been insane at the time they committed a crime, it was recommended that

the jury be permitted to return a special verdict finding the accused committed the crime but not guilty by reason of insanity. In cases where such special verdicts are returned it was recommended that the court immediately order an investigation to determine whether the defendant is sane or insane at that time. If sane, he would be discharged, and if insane, would be committed to an asylum until recovery.

They say that "Bob" is the

champion boxing kangaroo and able to outclass any other kangaroo, either those back in Australia or appearing with circuses in this country. "Bob" is also said to be able to hold his own with man and the above picture shows Earl Shipley, noted clown, and "Bob" ready to engage in a four-round bout at catch weights.

Shipley and the kangaroo are with the Carl Hagenbeck-Great Wallace Circus, coming here for two exhibitions this afternoon and night. They have been sparring partners for several years and their act always makes a substantial hit with the patrons.

Many famous clowns will be found under the Hagenbeck-Wallace banner. Prominent among them are Arthur Borella, Trio, home from a European tour; the three Harding Brothers; Joe Croy, Fred DeMarr, Roy McDonald, Doodles DeMarr, Earl Phillips and others. These funny rascals know the art of clowning from Alpha to Omega and are constantly working in the rings, stables and on the hippodrome track.

The show will exhibit at the Stout lot and there will be no street parade.

Follow! Follow! Follow!

—the highways call! Out into the sunlight where winds have blown the country clean. Fill the tank of your car with Red Crown—and you are ready to follow the call.

The Middle West is a land of varied beauty—mountains towering above the earth—caves and caverns in its mysterious depths—tangled shade of forests—endless sweep of the prairies.

There is much you can add to the list below. Read it over and then find out what wonder places are near you.

- 1—Hardin County, Illinois, a picturesque frontier district. Mountains, caves, and an extinct volcano. In control of bandits and counterfeiters in the early days. State Highway No. 34.
- 2—Beautiful Lake Killarney in Arcadia Valley, Missouri. State Highway No. 70.
- 3—The Chateau of the Marquis de Mores on the west bank of the Little Missouri, North Dakota. Near Medora, named for the wife of the Marquis who founded the village. State Highways No. 3 and No. 39.
- 4—The valley, falls and rapids of Whitewater River in Whitewater State Park, Minnesota, near Winona, just off State Highway No. 3.
- 5—Great Bend, Kansas, named from the great bend of the Arkansas River, which was the beginning of the province of Quivira, visited by Coronado in 1541. Mounted stone cannon marks the site of old Fort Zarah. National Old Trails Road No. 6.
- 6—The lake shore drive in eastern Michigan. State Highways No. 27 and No. 31, along Lake Huron.
- 7—Lookout Mountain, South Dakota, towering 6,200 feet above sea level. Marvelous view from its high vantage point. State Highway No. 81.
- 8—Soward's Cave and Dutton's Cave near West Union, Iowa. State Highways No. 11 and No. 19.
- 9—Peninsula Park, including 3,700 acres in Door County, Wisconsin. Precipitous limestone bluffs covered with heavy growth of evergreen. Wild beauties of woodland and cliff. More than 8 miles of lake shore. State Highway No. 17.
- 10—St. Meinrad, Indiana. An abbey of the Benedictine order founded in 1852. The religious colony comprises a little city of its own. Stone church of great size and beauty. State Highway No. 16.

There are hundreds of fascinating places in the Middle West that are easy to find. The Standard Oil Company (Indiana) has helped to make them accessible by establishing Service Stations throughout this wonderful country.

Child-birth

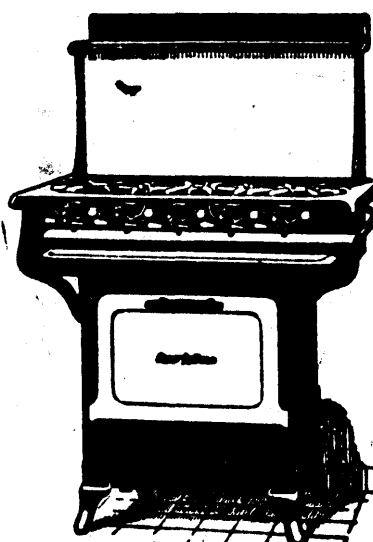

Here is a wonderful message to all expectant mothers!

When the Little One arrives, you can have that moment more free from suffering than you have perhaps imagined. An eminent physician, expert in this science, has shown the way. It was he who first produced the great remedy "Mother's Friend."

With my first two children I had a doctor and a nurse and then they had to use instruments, but with my last two children I used "Mother's Friend" and had only a nurse; we had no time to get a doctor because I wasn't very sick—only about ten or fifteen minutes. Use "Mother's Friend" as our mothers and grandmothers did. Don't wait until it is too late, and meanwhile write to Bradfield's Regulator Co., 244 E. Atlanta, Ga., for a free illustrated book containing information every expectant mother should have. "Mother's Friend" is sold by all drug stores—everywhere.

New Standards in Cooking

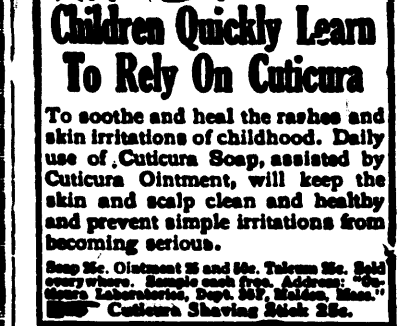

No finer meals have ever been cooked than were served by the women of earlier days—our grandmothers and great-grandmothers—cooked over the "Lively Heat" of their wood fires and coal stoves.

But wood and coal ranges heat the kitchen as well as the food and are inconvenient to use. So women demanded the same "Lively Heat," but in a cool, convenient stove. As a result, the modern gas range and, more recently, the electric stove, have come into popular favor in the cities—like the Red Star Oil Stove in our suburban, small town and farm homes.

SPECIAL PROGRAM AT CENTENNIAL THEATER

The mid-week change of program at the Centennial Theater beginning tonight will include a group of French songs by Mrs. Alice Moncrief, former head of the voice department of the College of Music, and a special dance feature by Miss Betty Palmer.

Mrs. Moncrief and Miss Palmer will appear each evening during the remainder of this week and will afford the public a pleasurable opportunity to hear and see these talented artists.

This special program is given in addition to the splendid feature picture, "The Three Musketeers," starring Douglas Fairbanks, and if the weather is at all auspicious is certain to draw a large crowd.

CIRCUS ARRIVES FROM LINCOLN
The Carl Hagenbeck-Great Wallace circus will show in Jacksonville today, and it is safe to say it will be a big day for the juveniles and for the grown-ups as well.

One of the most interesting features for the "kids" is the unloading process, and there are always numerous adults watching this sight also. The circus arrived over the Chicago & Alton from Lincoln, and unloaded early this morning. The unloading took place at the C. & A. on East State street.

LEGION OFFICIAL HERE WEDNESDAY

BURLINGTON WORKER AT BEARDSTOWN DIES

Thomas McNamara, chief yard clerk of the C. B. & Q. at Beardstown, died in that city Sunday noon, following an attack of heart trouble.

Mr. McNamara had gone from his home on East Sixth street to his duties Sunday morning as usual, and was suddenly stricken with heart attack later in the morning. He was rushed to his home, but died quietly about noon.

Mrs. Frank Brown, of Chambers street in Jacksonville, is a sister of the deceased. Others surviving are his wife, formerly Miss Rebecca Race of Chapin, three children, Rebecca, Betty Lou and Doris Jane and two other sisters, Mrs. Hannah Arisman of Springfield, and Mrs. Helen Barber, of Chicago.

Thomas McNamara was the son of Mr. and Mrs. Garrett McNamara, and was born April 2, 1871 at Winchester. He was 55 years, and two months at the time of his death.

Funeral services for Mr. McNamara were held Tuesday after-

noon, with Rev. C. L. Stauffer of Beardstown officiating. Burial was in the City cemetery there.

For the past fifteen years, he has been the chief yard clerk of the Burlington railway at Beardstown, and has many friends in that city and here.

WILL WAIT TWO YEARS
FOR EUROPE INVASION

After Long Wait Helen Willis May Again Try to Conquer Her French Rival, Suzanne Lenglen.

NEW YORK, July 14 (AP)—Helen Willis, America's queen of the court will wait two years before undertaking another foreign invasion in the hope of conquering her French rival, Suzanne Lenglen.

Coupled with that announcement by the national champion upon her return from Europe today with other members of the Wightman Cup team came word from Miss Willis that she will begin practice Friday with a view of defeating her title late next month at Forest Hills, N. Y., interrupted in her European campaign, a little more than a month ago by an operation for appendicitis, the champion said she was "feeling fine" and expected to resume tournament competition August 2 in the annual Wightman event at Seabright, N. J.

The California girl, whose thrilling tennis duel with Mlle Lenglen last February at Cannes, attracted world-wide interest, was unwilling to venture an opinion as to whether she could defeat the French star in a return engagement. But Mary K. Browne, Wightman team captain, frankly admitted Suzanne to be "a most wonderful player—the best in the world today."

Other members of the returning party, which included Elizabeth Ryan, Eleanor Goss, Mrs. Marion Zinderstein, Jessup, Mrs. Molla B. Mallory and Mrs. Hazel Hotchkiss Wightman, joined Miss Willis in a tribute to French and English officials and spectators.

"They were very nice to us," Miss Willis said.

DELANEY FAVORITE IN
RING BATTLE TONIGHT

NEW YORK, July 14 (AP)—Paul Berlenbach, the world's light heavyweight champion, enters the ring in the most important fight of his career at Ebbets Field tomorrow night, when he faces Jack Delaney in defense of his crown.

The match is scheduled for 15 rounds to a decision. Ring critics have made the Bridgeport challenger a fair favorite, contending Delaney's boxing ability and his tremendous punching power should be more than a match for Berlenbach's crushing left hand. The champion, however, has his backers, several selecting him to retain the crown by a decision.

Delaney expects to win as decisively as in their first meeting, when he stopped Berlenbach in the fourth round after the latter had chalked up a series of 23 consecutive knockouts in amateur and professional bouts. Their second meeting December 11, 1925, resulted in a decision for Berlenbach in 15 rounds.

Reports from the two camps were favorable as to the condition of the gladiators. Delaney is well under the 175 pound limit, while Berlenbach experienced only slight difficulty in getting down. Humbert Fugazy, promoter of the match, said today he expected a complete sell-out of tickets. The advance sale has hurried the \$400,000 mark, with all indications pointing to a half million dollar gate.

The champion, fighting on a percentage basis, is expected to receive \$150,000 if the bout is a sell-out. This will increase his earnings over a three-year period to half a million dollars, placing his ring earnings second only to those of Jack Dempsey. The challenger's share of the receipts will amount to about \$50,000.

The first preliminary is scheduled for 7:15 o'clock, Eastern Standard time with the title match carded for 9 o'clock.

Frank Wemple of Waverly, was in Jacksonville yesterday transacting business.

YANKS TIGERS TILT
GOES 12 INNINGS

NEW YORK, July 14 (AP)—The Yankees' sensational ninth inning rally in which five runs were scored after two were out, tying the count, featured their 12 inning victory over Detroit today 7 to 6. Whitehill held New York to three hits for eight innings but retired under fire in the ninth, being replaced by Daus. A triple by Gehrig drove Ruth home from first base in the 12th with the winning run. Koenig had opened the session with a single and Ruth forced him.

POST OFFICE WINS
FROM CREAMERY 6-3

Although the Postoffice defeated the Creamery 6 to 3 yesterday evening in the Twilight League game, the loss should not be charged entirely to the pitchers, for Keen and Eoff allowed but one pass each while Blesse of the Postoffice walked four and in strikeouts the Creamery hurlers fanned seven to Blesse's three. It was in hits however, coupled with two Creamery bobbles, that the Mailmen excelled, connecting safely six times, one a two-bagger by White and a three-ply swat by Tom Doyle. Ryan for the Creamery made it to second base on his hit which was one of four gathered by the Butter Makers.

But four regular games and one or two postponed games remain to be played, the season being scheduled to close on July 23 with the game between Press and Creamery.

MADERAS HITS FOUR
HOMERS IN A ROW

But Quincy Falt Over Eight Runs in Ninth to Defeat Springfield 18 to 12.

QUINCY, Ill., July 14 (AP)—It was a day of glory and profit for Shortstop Al Maderas of the Springfield Three Eye Club today. Besides establishing what is believed to be a world's record by knocking four home runs in four successive times at bat, he climbed to a tie for first place with Urban Pickering, "Eabe Ruth" of the Three Eye League in the home run standing for the season, accounted for eight of Springfield's twelve runs, and in addition, received much applause from fair fans from the Capital City each time he trotted around the paths.

Maderas has now collected 19 current-wallops this season, which puts him on equal standing with Pickering. Quincy's fast outfielder, second string catcher, general utility man, and relief pitcher de luxe, who had reached the mark several days ago.

Each time after Maderas had clouted the ball over the left field fence, he passed along in front of the grand stand, holding out his hand. And each time it seemed he had collected a goodly handful of bills, whose denominations, of course were not ascertained before he reached the "dugout."

But Quincy won with an eight run rally in the ninth inning.

CHICAGO, July 14 (AP)—Elmer Smith of the Cleveland Indians accomplished the feat of smashing out three home runs in consecutive times at bat in 1921 at Detroit. He clouted a home run his last time up on September 4 and

MORGAN FARMERS TO
MEET CASS TEAM HERE

The Morgan and Cass county Farm Bureau baseball teams will cross bats at the Jacksonville State Hospital diamond next Saturday to decide the championship of the 20th district. The game is called for 2:30 p. m.

Market Report

PRICES RISE NEAR CLOSE OF TRADING

CHICAGO, July 14. (AP)—Unusual power to absorb selling manifested itself in the wheat market today and prices were bulging at the last. High temperatures northwest and possible blackrust developments received particular notice. Closing quotations were unsettled at 1 to 1 1/2 cent advance with corn varying from 1/2 decline to 1/2 cent, oats unchanged to 1/2 off, showing a rise of 7 to 22.

Extremely rapid fluctuations characterized the day from start to finish in the wheat pit. Profit-taking sales broadened out when prices began to climb, but on the price breaks the demand cleaned up the bulk of the offerings in short order. Houses with eastern connections were chief among the purchasers. Word that rain is needed at once over a wide area of Canada did much to promote buying in view of the unpromising outlook which the latest Canadian crop estimate has drawn attention to.

Blackrust fears arose principally from advices that in the section from Ortonville, Minn., to Grand Forks, N. D., losses will be taken if not total in case of late weather, during the next two weeks. Other reports regarding wheat west of the Red River Valley told of severe deterioration of late. On the other hand, Liverpool quotations appeared unresponsive to price upturns on this side of the Atlantic and some Chicago trade leaders were skeptical of the new Canadian crop estimate. The Canadian official forecast at this time last year it was pointed out, proved to be 50,000,000 bushels too low. Bears were also inclined to emphasize that primary domestic receipts are nearly double those of a year ago.

Rising temperatures over the corn belt did a good deal to keep the corn market easier than wheat. Oats took their cue from corn.

NEW YORK, July 14. (AP)—Alternate periods of heaviness and strength characterized today's stock market. Prices started upward soon after the opening under the leadership of General Motors which attained another new record high at 161 1/2, turned downward around the middle of the day when weakness developed in the food stocks and then rebounded upward again in the last hour under the stimulus of aggressive pool operations in Dodge Brothers "A" and a few specialties. Total sales were 1,334,400 shares, as compared with 1,602,300 yesterday.

While operators for the advance were again forced to contend with a large volume of selling for both accounts, based on the speculative theory, that a technical reaction was overdue they were aided by a series of constructive trade developments.

These included the announcement that freight car loadings had crossed the million mark for the seventh time this year in the week-ended July 3. The opening was steady at an advance of 1 to 2 points, the market showing new highs of about 17 points in early trading in response to relatively steady Liverpool cables and reports of overnight rains in the south.

The advance in the rails has slowed up temporarily, although a strong investment demand is reported for several of the high grade issues. In some quarters there is a tendency to await further developments in the negotiations for the adoption of the revised "Nickel Plate" plans because of the opposition which has developed in the past few days.

Frequent shifting of speculative interest took place in the industrial group with more than a score of issues mounting to new high levels for the year. At the close the average of 20 leading industrial issues showed a small net loss but final quotations also disclosed a varied list of individual net gains ranging from one to four points.

General Motors closed 11 points net higher at 161 1/2, with total sales running over 175,000 shares. Dodge Brothers "A" was bid up 2 1/2 points to 111 on sales of over 75,000 shares.

Case Threshing Machine which has advanced from a low of 43 to a high of 138 1/2, broke nearly six points during the day to 131 1/2.

Call money remained at 4 1/2 percent all day. The New York stock exchange reported a good supply of loanable funds all day with a very light demand. Time money and commercial paper rates were unchanged.

Some irregularity developed in the foreign exchange market, but domestic trading was slightly firmer around 4 1/2, but French francs ruled about five points lower around 3.55 cents and Italian lire again sold below 3.40 cents. Belgian francs rallied 10 points to around 3.35 cents in response to the drastic measure being taken to stabilize the currency. Other changes were nominal.

HOPE TO RUN BUSES THROUGH TO PARK

C. of C. Commercial Directors Will Present Matter to Power and Light Co.; Make Plans for C. B. and Q. Picnic.

The matter of running the bus service of South Main street on to Nichols Park was discussed at a meeting of the Commercial Division of the Chamber of Commerce, held yesterday morning, and it was decided to confer with the Illinois Power and Light Corporation in regard to continuing the bus service further on.

Clarence York, vice-president of the Division who presided at the meeting, was named chairman of a committee to present the matter before the Corporation. James Walker and Vorce Bassett were also appointed on the committee.

C. B. & Q. Picnic
The director made further plans for the C. B. and Q. Railway picnic which is to be held at Nichols Park in this city on next Monday. They intend to make every effort to make the day successful for the Railway employees, to whom every courtesy will be offered through the Chamber of Commerce.

Edward Tomlinson, chairman of the Golf Committee; James Walker, chairman of the Transportation Committee, assisted by Arthur Taylor, James Kennedy, and Frank Plouer, will be in charge of the C. of C. arrangements for the picnic.

It is their plan to secure between 50 and 60 automobiles to

be used for transporting the visitors from the station to Nichols Park. Anyone willing to offer the service of his car for this occasion is asked to be at the C. B. and Q. station on East State street at 11 o'clock Monday morning.

The directors also request that the merchants display the uniform flag decorations in honor of the visitors. Car stickers reading, "Welcome, C. B. & Q. employees," have been secured and may be had upon request at the Chamber of Commerce.

APPLICANTS TO TAKE TEACHERS TESTS

H. H. Vasconcellos, county superintendent of schools will conduct a teachers' examination today in the west study hall of the Jacksonville high school. About the usual number of applicants for certificates, of various grades are expected to take the tests.

Mr. Vasconcellos yesterday mailed a report relative to the teachers' pension fund to the State Department of Education. The report showed 227 teachers in the county and city have contributed \$2,013 to the fund this year.

When the teachers reach the retirement age an annual pension of \$400 is paid them. Practically all of the teachers now employed in the county are contributors to the fund, and several are already drawing pensions.

CHICAGO GUESTS
Mrs. William Hornsby and daughter, Ruth of Chicago are guests in Jacksonville at the home of Mr. and Mrs. Henry Smith, West Douglas avenue.

Date Changed to July 20th
Wanted—1000 people to patronize the Brooklyn church Bazaar July 20th. Soup will be made by celebrated soup maker. Other good things will be served.

MRS. MARTHA CHAPIN DIES IN WHITE HALL

Long Time Resident of Greene County Passed Away Wednesday—Funeral to Be Friday Afternoon.

Mrs. Martha Casandra Carr Chapin, aged 81 years, 10 months and 13 days, widow of Seneca D. Chapin, died at her home on North Main street, White Hall at 9:30 a. m. Wednesday, July 14, 1926.

She was affectionately known in her community as one of those kind Christian characters that are indeed rare. It is the general remark of members of the family, neighbors and all who knew her that they never heard her utter a harsh word or speak unkindly to anyone. She had a kind smile for everyone and it was always a pleasure to be in her home or in her company.

She was a daughter of William and Nancy Higbee Carr, pioneer residents of their community. She was born in White Hall, August 31, 1844 and has continuously resided there for more than four score years. When four years of age her mother died and she was reared to young womanhood in the family of her uncle and aunt, Mr. and Mrs. Henry Moreland.

Her only sister, Mrs. E. J. Pearce died several years ago. Her half brothers and half sisters are: Frank Carr of Eldon, Mo.; Albert Carr and Mrs. Henry Cox, both of Los Angeles, Cal. She and S. D. Chapin were married April 18, 1865 and to this union were born four daughters and two sons, as follows: Leona, wife of J. H. Fox who died March 12, 1925; Belle, wife of Dr. W. T. Knox of White Hall; Troy A. and Dr. Henry A. Chapin, both of Jacksonville; Metta, wife of I. J. Green of Davenport, Ia., and Miss Edith Chapin at home.

The children frequently visited and assisted in the care of their mother during her declining years and especially after the death of the husband and father which occurred February 24, 1903. There are 12 grandchildren.

Early in life Mrs. Chapin became a Christian and for probably 70 years or more was a faithful, consistent member of the First Baptist church and until advancing age and failing health prevented, was one of its most regular attendants. She and her husband being for many years among its principal financial supporters.

While she was an exceptionally kind and affectionate wife and mother, she was hospitable, charitable and considerate toward every one so that in her passing not only the family but the entire community suffers a great loss.

Services will be held at the late home conducted by her pastor, Rev. L. E. Ellison at 2:30 p. m. Friday.

Interment will be made in the White Hall cemetery.

STUDIES HEALTH CONDITIONS HERE

Morgan county is one of the counties in the United States which has been selected by Dr. Wilfred A. Nicholas, of Singapore in the Straits Settlements, for research work on local health conditions and the county health administrative work. Dr. Nicholas is working on a fellowship from the Rockefeller foundation, and will study health conditions in counties over the U. S. this summer.

Dr. Nicholas is making the Oak Lawn sanatorium his headquarters here. His visit will last about two weeks. After spending the summer in visiting many like counties, he expects to attend a school of public health here this winter.

Other foreign physicians will soon follow the lead of Dr. Nicholas in studying health problems here, and Morgan county will undoubtedly be one of their visiting points.

OAKLAWN HEAD NURSE RESIGNS

Miss Emma Metzgar will leave in a short time for an extended vacation, having resigned her position as head nurse of the Oak Lawn Sanatorium. Miss Metzgar has worked with the county health department for the last three years, performing her duties very efficiently.

Her successor, Miss Lulu McIntosh of Nova Scotia, is expected to arrive in the city today. She was assistant superintendent in the Lockport hospital for a number of years, and has had experience in Clarksburg, West Virginia, in tuberculosis work.

FORM UNION HERE WEDNESDAY NIGHT

The Equitable Fraternal Union with local offices at Neenah, Wis., instituted a local assembly of the society in Jacksonville Wednesday evening in the Eagle Lodge room. Twenty-five qualified as candidates for membership and formed the initial ceremony of the evening.

The officiating officers of the evening were: Albert Ross, State Rept. and W. F. Council, District Rept.

The closing features of the evening were refreshments, special music and a program appropriate to the occasion.

FIRE DAMAGES CAR IN GARAGE

The Buick sedan owned by Dr. J. W. Hairgrove was badly damaged by fire Tuesday evening in the garage back of his house on Mound avenue. All the interior of the car was burned, the glass broken, and the woodwork scorched. The garage was saved only by the timely discovery of the fire and its suppression by water from a garden hose.

Dr. Hairgrove drove his car into the garage about 7 o'clock in the evening. About two and a half hours later, the blaze was seen at Norbury's Sanatorium, next door to the west, and Dr. Hairgrove was notified. He extinguished the fire at about 10 o'clock. Considerable damage had been done.

The loss to the car is fully covered by insurance.

JOHN BROWN IS INJURED BY CAR

John Brown of four miles south of Alexander, is in a serious condition due to injuries received several days ago when he was hit by an automobile said to have been driven by Herman Boston.

The accident occurred at a schoolhouse in the Brown neighborhood, where the two men had arranged to meet. Mr. Brown, arriving first, was said to have jumped in front of the car driven by Mr. Boston in the nature of a joke. However, Mr. Boston was driving too swiftly to avoid Mr. Brown, and struck him, causing injuries about the head. Mr. Brown is slowly improving.
